WHY FUNDS NEED *SECURITIESTRACKER*[™]

▶ AN INCREASING NUMBER OF OPPORTUNITIES

As the laws and requirements for pursuing actions and claims in the United States and around the world continue to evolve, the number, magnitude and complexity of such actions and claims continue to grow. Accordingly, it is more important than ever for institutional investors of all types to implement a process for identifying, monitoring and managing claims around the world so they are prepared to make informed decisions how and when to pursue claims and recoveries.

▶ FIDUCIARY RESPONSIBILITY

There is increased regulatory scrutiny concerning Fund's fiduciary duty to protect and make the best use of all client assets, including claims. The *SecuritiesTracker* platform provides detailed analyses and reports that ensure our clients are diligently fulfilling their fiduciary responsibilities to Funds by actively managing shareholder actions in which they have a financial interest.

WHAT DOES *SECURITIESTRACKER* PROVIDE?

- Summaries and legal analyses for all shareholder litigation in which you have a financial interest
- A full overview and evaluation of all claimant groups in non-U.S. jurisdictions
- Assistance registering for non-U.S. actions
- Detailed quarterly reports
- Comprehensive claims filing, including for antitrust and non-U.S. settlements
- Customized settlement reports
- Monthly industry update newsletters
- A secure, robust and user-friendly online platform
